JUDGES' BIOS

Parent Specialty

SUSAN NORRIS-JONES

After a childhood filled with animals of all kinds, I was introduced to the purebred dog fancy via hunting and obedience trials. In 1974, I was given an Akita bitch and discovered the conformation show ring. Her son became my first homebred champion, and one of the first Akitas in Canada to earn both his championship and a C.D. Our breeding program went on to produce numerous Canadian and American champions, multiple Best in Specialty winners and Awards of Merit. SunoJo Akitas can be seen in the pedigrees of top winning Akitas around the world.

In 1986, the Shiba Inu joined the SunoJo family and since then have earned multiple Best in Show and Best in Specialty, Groups and Puppy Groups, Specialty wins, Awards of Merit, and top rankings in Canada, the US and around the world.

Somehow along the way I became enthralled with the Toys – so much so that Japanese Chin joined the family in 1996. We produced multiple Canadian/American Champions over the years and had the pleasure of being involved with top Japanese Chin for 20 years. We still share our home with two little girls that control the household more than 120lbs of Akita ever did.

As well as conformation, I have been involved with obedience and agility, and have served on the executive of all-breed and breed clubs. I started judging in 1996, became licensed for All Breeds in 2022, and have now judged across Canada, the US, Australia and South Africa. It is a joy and a privilege to judge, and I greatly appreciate all those who have mentored and shared their dogs with me on this journey.

JANE PEARSON

Jane Pearson, this year's Sweepstakes judge, is a long-time show and hobby breeder. She was born on a farm in the Willamette Valley, Oregon, raising and caring for lots of animals, as well as bringing home every stray dog she could find.

After marrying her husband, Larry, she got her first poodle, a miniature, and started obedience with him. She fell in love with competition sports and loves it still. Her next dog was a standard poodle that needed lots of training. This was her start in AKC events. She went on to breed, train, and show poodles, focusing on not only confirmation but performance. She is proud that all her poodles are titled "on both ends," including putting a utility title on two of them.

After years of grooming, grooming, and more grooming, she got her first chin. NO GROOMING!! For the next 10 years, she and her friend had a string of poodles, chin, poms, chihuahuas and various other breeds. Jane believes you learn so much from a small breed. "They are so much harder to show. "

Jane believes that "Japanese Chin are a special breed, not needy or barky, but Yikes! do they shed." She also worked obedience with a chin who "loved to jump and retrieve, but heeling was a different story. "Chin have the independent attitude that perhaps they'll heel but maybe not today."

She is honored that the general membership voted for her to judge sweepstakes. "I will do my very best."

National Specialty

LYN McARTHUR

Lyn McArthur is a successful, established breeder of Japanese Chins for close to 20 years and has built a solid reputation as a judge with a good eye. She is a licensed ANKC and FCI Championship Show Judge for the Toy Group, Terrier Group, Gundog Group, Hound Group, Utility Group, Non-Sporting Group and an Open Show Judge for the Working Group as well as an accredited Junior Handler Judge. She has judged in most states of Australia, New Zealand and in the United States of America.

Lyn is currently president of the Toy Dog Club of SA Inc. and is a Justice of the Peace in South Australia. Her involvement in the toy ring has allowed her to gain extensive knowledge and experience with toy dogs and in particular the Japanese Chin, Chihuahuas, Bolognese, Cavalier King Charles Spaniel, Papillon, Pomeranian and King Charles Spaniel. Recently she imported the very first ANKC Registered Bolognese into Australia.

Lyn's first dog was a Rottweiler which she trained in obedience. Soon after Chihuahuas moved into the household as family pets, from which came the Tonantzin prefix for showing and breeding. Her first two males came from Lynne MacLellan of Minegold Kennels in Canada, three more followed from Minegold to increase the depth of line breeding. Tonantzin has bred many champions over the years including homebred Grand Champion Tonantzin Legendary Myth followed by multiple Philippine Champions.

Success with Chihuahuas was followed by Japanese Chins: Lyn imported a male and female from the Amronchi affix in England and from there started breeding Japanese Chins under the Kiseki prefix. Lyn's first male import went on to many wins from a young age and was the strong foundation of her kennel along with her foundation girl from Chinsan here in Australia. Her imported girl went on to win Best in Show at the Japanese Chin Club of Victoria in 2008 and again in 2015 from the Veteran Class.

Lyn has imported a further three males from England, from Yama, Sangria and Sharlarna, to complement the existing lines here in Australia.

Showing and breeding under the Kiseki prefix, Lyn has made up many homebred Champions and Grand Champions including C.I.B Supreme Champion Multi Best in Show winning Japanese Chins. Her breeding program has proved to be successful having bred multiple BIS winners, multiple RUBIS, multiple BISS, RUBISS, Best in Group, Class in Show and Best of Breed Royal winners including a New Zealand Champions under the Kiseki prefix. Lyn owns and co owns five Japanese Chins that have won the Japanese Chin Club of Victoria Best in Specialty Show nine times since coming into this breed.

Lyn campaigns her Japanese Chins and now the Bolognese, who has recently gained his BIS C.I.B Supreme Championship title, the first Bolognese in Australia to do so.

Lyn is very much looking forward to judging the National in September 2023 for the Japanese Chin Club of America.

THELMA CARLSON

My husband and I, along with two of our grandkids live in the Ozarks of Missouri. Overall, we have raised four of our grandkids with two of them now able to live on their own. Needless to say, the kids keep us young!

I have been raising and showing Japanese Chin for 33 years now under the kennel name Tsunami. I originally got involved with the breed and showing after the tragic loss of one of my sons. The shows, the people and the Chin were a much needed "therapy". This therapy continues after all these years with new friends, new shows, new cities, new restaurants and new Chin to show. I have finished many Champions as well as had top winning Chin of both sexes. My Tsunami bred Chin have won at Specialties as well as receiving awards at Westminster.

In addition to showing Chin and raising grandkids, I also enjoy painting. My favorite media is watercolor. I enjoy painting landscapes and animals of all kinds, of course including Japanese Chin. I have donated my artwork to the Japanese Chin Club of America for decades. My artwork has been used in auctions, logos, awards etc. It truly is a joy to be able to share my Chin art with the JCCA club members.

As a breeder, It is such an honor to have been voted by the club members to judge Sweepstakes. I am looking forward to seeing all the beautiful Chin at the Specialty in September! Thank you again for the privilege of being able to judge . . . I just LOVE it!

AKC Code of Sportsmanship

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.

AMERICAN KENNEL CLUB℠

Breed Standard

General Appearance: The Japanese Chin is a small, well balanced, lively, aristocratic toy dog with a distinctive Oriental expression. It is light and stylish in action. The plumed tail is carried over the back, curving to either side. The coat is profuse, silky, soft and straight. The dog's outline presents a square appearance.

Size, Proportion, Substance: ***Size*** - Ideal size is 8 to 11 inches at the highest point of the withers. ***Proportion*** - Length between the sternum and the buttock is equal to the height at the withers. ***Substance*** - Solidly built, compact, yet refined. Carrying good weight in proportion to height and body build.

Head: E***xpression*** - bright, inquisitive, alert, and intelligent. The distinctive Oriental expression is characterized by the large broad head, large wide-set eyes, short broad muzzle, ear feathering, and the evenly patterned facial markings. ***Eyes*** - set wide apart, large, round, dark in color, and lustrous. A small amount of white showing in the inner corners of the eyes is a breed characteristic that gives the dog a look of astonishment. ***Ears*** - hanging, small, V-shaped, wide apart, set slightly below the crown of the skull. When alert, the ears are carried forward and downward. The ears are well feathered and fit into the rounded contour of the head. ***Skull*** - large, broad, slightly rounded between the ears but not domed. Forehead is prominent, rounding toward the nose. Wide across the level of the eyes. In profile, the forehead and muzzle touch on the same vertical plane of a right angle whose horizontal plane is the top of the skull. Stop - deep. ***Muzzle*** - short and broad with well-cushioned cheeks and rounded upper lips that cover the teeth. Nose - very short with wide, open nostrils. Set on a level with the middle of the eyes and upturned. Nose leather is black in the black and white and the black and white with tan points, and is self-colored or black in the red and white. ***Bite*** - The jaw is wide and slightly undershot. A dog with one or two missing or slightly misaligned teeth should not be severely penalized. The Japanese Chin is very sensitive to oral examination. If the dog displays any hesitancy, judges are asked to defer to the handler for presentation of the bite.

Neck, Topline, Body: ***Neck*** - moderate in length and thickness. Well set on the shoulders enabling the dog to carry its head up proudly. ***Topline*** - level. ***Body*** - square, moderately wide in the chest with rounded ribs. Depth of rib extends to the elbow. ***Tail*** - set on high, carried arched up over the back and flowing to either side of the body.

Forequarters: Legs - straight, and fine boned, with the elbows set close to the body. Removal of dewclaws is optional. Feet - hare-shaped with feathering on the ends of the toes in the mature dog. Point straight ahead or very slightly outward.

Hindquarters: Legs - straight as viewed from the rear and fine boned. Moderate bend of stifle. Removal of dewclaws is optional. Feet - hare-shaped with feathering on the ends of the toes in the mature dog. Point straight ahead.

Coat: Abundant, straight, single, and silky. Has a resilient texture and a tendency to stand out from the body, especially on neck, shoulders, and chest areas where the hair forms a thick mane or ruff. The tail is profusely coated and forms a plume. The rump area is heavily coated and forms culottes or pants. The head and muzzle are covered with short hair except for the heavily feathered ears. The forelegs have short hair blending into profuse feathering on the backs of the legs. The rear legs have the previously described culottes, and in mature dogs, light feathering from hock joint to the foot.

Color: Either black and white, red and white, or black and white with tan points. The term tan points shall include tan or red spots over each eye, inside the ears, on both cheeks, and at the anal vent area if displaying any black. The term red shall include all shades of red, orange, and lemon, and sable, which includes any aforementioned shade intermingled or overlaid with black. Among the allowed colors there shall be no preference when judging. A clearly defined white muzzle and blaze are preferable to a solidly marked head. Symmetry of facial markings is preferable. The size, shape, placement or number of body patches is not of great importance. The white is clear of excessive ticking. Disqualification - any color not listed.

Gait: Stylish and lively in movement. Moves straight with front and rear legs following in the same plane.

Temperament: A sensitive and intelligent dog whose only purpose is to serve man as a companion. Responsive and affectionate with those it knows and loves but reserved with strangers or in new situations.

Disqualifications: Any color not listed.

Approved October 11, 2011 Effective November 30, 2011

SCHEDULE OF POINTS

For complete Conformation Championship requirements see **Chapter 16** of the Rules Applying to Dog Shows

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater. If no points are available for the Best of Winners, the number of regular class dogs in both sexes are added together and compared to the point schedule. If the total sum of regular class dogs and bitches meets or exceeds the number of competitors needed for one point in its sex, the Best of Winners will receive one championship point.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.
